### PARTAGEONS LA CONSTRUCTION : DES OBJECTIFS OPERATIONNELS

- Faire travailler ensemble les B2B, les architectes, les promoteurs, les BTP, les fournisseurs, les CTO et les associations de travaux sur des programmes opérationnels dans une optique de construction.
- Créer des espaces de dialogue : favoriser les modes de coopération, mettre en évidence les apports complémentaires à travers différents secteurs de l'édifice et de la ville.
- Favoriser des formes nouvelles et expérimentales sur des opérations et des programmes.
- Identifier des enjeux de progrès pour l'ensemble des acteurs et travailler ensemble aux différents corps de métiers de la chaîne de la construction.
